D. Email messages with attachment of clinical and sample databases, mail to:

Mailing of clinical and sample access databases might prove difficult when using the standard ITM email-addresses. Hence please use the following instructions:

1. Compress the database you wish to send to a zip-file, and mail it to the following gmail account:

kaladrugR@gmail.com

Username: kaladrugR

Password: limited use – request to sdecuypere@itg.be

2. Also send an email notifying a database has been mailed to the gmail account to Dr. Bart Ostyn, Dr. Saskia Decuypere and Manu Vanaerschot.

(SOP on database management in **management SOPs I and II**)

E. Report changes in contacts

Any changes in contactpersons or email-addresses should be mailed to:

sdecuypere@itg.be; bostyn@itg.be
